Rodon 4, Zografou 157 72, Greece

For Rent : **€ 600**

Description
Located in a quiet residential neighbourhood in central Zografou, next to Zografou Park (Villa Zografou), this fully renovated 72 sqm penthouse apartment is situated on the fourth floor of an established residential building.

The apartment is dual-aspect and features two spacious verandas, one of which measures approximately 14 sqm and is finished with tiled flooring and natural stone details. The property offers one separate bedroom, while the spacious living room provides the possibility of creating an additional room, if desired, thanks to the presence of a window.

A particularly appealing feature is the building's low-density layout, with only two apartments on the fourth floor, offering a greater sense of privacy and tranquillity. Although the building is older, the apartment itself has been fully renovated, while monthly communal expenses remain low.

The property benefits from central oil heating and offers a practical layout with flexible use of the living space.

Location – Central Zografou

The apartment enjoys a pleasant location next to Villa Zografou, in a peaceful residential setting while remaining close to the amenities and services of central Zografou. Shops, cafés and everyday facilities are accessible within the wider neighbourhood.

Combining a fully renovated interior, two outdoor spaces and the flexibility to create an additional room, this penthouse apartment is an attractive option for individuals or couples seeking a comfortable home in a quiet part of Zografou.
